Dear Friend,

Help Support Our Volunteer Firefighters

Thank you for your support! Volunteer Firefighters Association PAC is a non-party independent expenditure-only group established under Section 527 of the tax code. Our mission is to educate the public about issues important to fire fighters and emergency medical personnel and to help elect candidates to office who support those issues. Volunteer Firefighters risk everything to **protect their communities and neighborhoods**; it is incumbent on society to **help protect** these brave men and women whenever possible. The general public and our elected leaders have a moral obligation to insure these fine **volunteers** are supported and have protections due to them.

We are the Voice of the People & we are here to Support our Heroes

Through your **much needed donations**, we will push for the election of politicians and passage of legislation that support Volunteer Firefighters and their families. Some of these issues are:

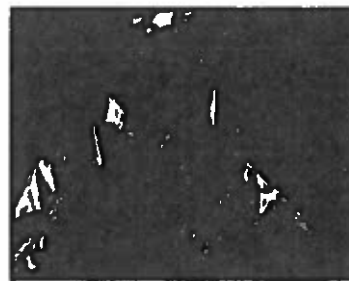

- The passage of a national **firefighter cancer registry** that will be used to realize an increased inherent risk of cancer to Volunteer Firefighters and develop more meaningful interventions to help mitigate this increased risk.
- The passage of laws to help protect the jobs of **Volunteer Firefighters injured in the line of duty** or that miss work due to responding to emergencies.
- Greater protections of good samaritan laws and a more uniform standard of good samaritan laws to help protect responders attempting to help the general public.
- Greater tax benefits for health providers willing to perform physicals for the fire service.
- A national death benefit for Volunteer Firefighters that died during the line of duty.
- Push for legislation that **promotes safety for Volunteer Firefighters** while responding to incidents and while on the scene of an incident.

Thank you again for your support. A large portion of the proceeds for this campaign are used to defray the costs of fundraising. Your support is very important to us.

With the support of you and thousands of other like-minded **concerned citizens**, the Volunteer Firefighter Association PAC will continue to push and fight government for more support through legislation and elections that **support our Volunteers!**

Sincerely,

Zachary Bass
Treasurer
